Many of the LED industry giants have decided to participate in **theLEDshow™** – Las Vegas. An overview of **theLEDshow™** exhibits will provide an extensive selection of products and services for the inquisitive and LED aficionado alike. Exhibitor's booths will include demonstrations, product display, technical support, design ideas, and answers to all of your deep dark questions about LEDs.

The purpose of **theLEDshow™** is to have as many leading LED manufacturers displaying the latest technology in one convenient location. This will help you to view, compare, feel and evaluate the manufacturers and their products. By having actual LED fixtures from multiple sources all within viewing range, you can make better specifying or purchasing decisions with complete confidence. It is also a great place to see old friends and industry legends.

TheLEDshow™ floor will be the place to identify trends, gain competitive insight and create serious brand buzz. Participants will find all the latest tools and technology to design smarter and use new technology better. You will leave the exhibition wiser and enlightened.

On August 27, experts will give their predictions and views of LED trends vs. fads.

Multiple, specially selected Speakers, scheduled throughout the day at **theLEDshow™** will keep your energy level at full charge. The educational opportunities offered at **theLEDshow™** will exceed everyone's expectations. Experts in all fields of lighting design and lighting related industries will be on hand to share their knowledge, techniques and advice. Industry gurus will be sharing their experiences, as well as networking with participants in one on one conversation. This will be a unique experience to set the standard for tradeshows years to come.
